## Sub-Committee Passes Resolution--CP80 Interviewed on KSL Radio Today at Noon

We want to thank everyone who took the time to call and make a difference. The resolution was passed unanimously this morning.

Furthermore, KSL Radio has picked up the story and will be discussing the resolution and the CP80 Internet Channel Initiative today at noon.

### **We still need your help!**

The resolution will go to the floor for a vote some time in the next two weeks, so please, call your state representatives and let them know you want [H.C.R. 3: Resolution Urging Congress to Stop Interent Pornography to Children and Employees](#), approved.

You can also call into KSL and let them know you support the CP80 initiative.

Your voices are being heard and making a difference.

Thank you.
