Be a Leader - Start a "Do Something About Porn" Resolution in Your State Today

Since the last newsletter, people in Michigan, Pennsylvania, North Carolina, Nevada, California, and Montana have started the process for a non-binding resolution to do something about Internet pornography.

The process is easy to start, we can provide you with a generic form of the resolution. If you have any questions, you can contact us at 801.705.4234.

We are excited to have so many people contacting us to get involved. Even if you see your state listed above, you can still submit the resolution to your legislators - the more people who push for something to be done, the quicker action will be taken by legislators.

Please contact us today at info@cp80.org or at 801.705.4234

Thank you.
