"Stop Porn" Resolution, Vote Unanimous, Huntsman to Sign

Friday, February 16, the Utah State Senate unanimously passed resolution HCR 3, which formally requests that the Federal government takes action to do something about Internet pornography. All that remains is for Governor Huntsman to sign the resolution—please take the time to call his office and let him know you want the resolution signed (801-538-1000).

"We hope that this resolution will be the shot heard around the world," said Ralph Yarro, CEO for The CP80 Foundation.

We are looking for help to have [similar resolution](#) introduced in other states and countries around the world. You can download a generic form of the resolution here. You can also contact us at info@cp80.org for any help you might need.

Free Courses Available from The CP80 Foundation

Get Educated. Get Involved. There are four free courses available online to help you understand the issues surrounding Internet pornography:

- [How the Internet Works](#)
- [The CP80 Internet Channel Initiative](#)
- [Internet Governance](#)
- [What Parents Can Do](#)

The courses are currently available in English; however, due to the demand for the courses in more languages, the course are being translated. We would like to recognize those individuals who are currently working on translations for French, Spanish, Portuguese, Chinese, Romanian, Russian, Czech and Slovakian.

We are always looking for native speakers to help translate these courses and other important documents. Internet pornography is a global problem and the CP80 is a global solution.
