CP80 and Election 2008

Soon CP80 will post its findings and responses on just where presidential candidates from both major parties stand on the Internet and pornography.

But why wait when you can ask them yourself? CNN and Youtube will be hosting a Republican debate on November 28. Visit the [debate website](#) for information on how to submit your own video question. The Democrat's debate was held earlier this summer.

Other debates routinely include some typed questions submitted online. CP80 will keep you updated when opportunities arise.
