

# WOULD YOU INVITE A PORNOGRAPHER INTO YOUR HOME?

## WITH THE INTERNET HE'S ALREADY THERE.

If you are connected to the Internet, you are connected to pornography, and really have no tools to protect yourself and your family from its harmful influence. It is time for a solution that works; it is time for a solution that gives each individual a choice; it is time for a better Internet.

The CP80 Foundation is a non-profit group that has introduced new legislation, the Internet Community Port Act (ICPA), that would categorize and organize content on the Internet to make it easier for individuals and parents to block pornographic content from entering their homes and businesses.

We need your help to win this important battle for our families and communities. Together, we can make a difference.

Evolve the Internet to Protect Children

Join The CP80 Foundation  
and help create a safer  
Internet for us all.

Do something  
to protect children from  
Internet pornography.

Or the next child harmed  
by Internet pornography  
might be yours.
